MORE POWER TO YOU

**Pre-Compliance  
EMC Conducted Emissions  
Measurement Service**

## **Trust in our electromagnetic expertise to realize your potential**

Electromagnetic Compatibility (EMC) compliance is crucial for product design and development, not just for safety and the prevention of interference, but to gain global market acceptance, achieve consumer recognition for quality and reliability, and meet stringent legal requirements to avoid regulatory actions, recalls, or even bans.

However, manufacturers too often fail to ensure they are totally in compliance before submitting to EMC compliance testing, thus having to endure costly returns and recalibrations.

To avoid such disappointment, Schaffner actively supports certified local EMC pre-test labs that offer pre-compliance EMC emissions measurements to ensure

compliance with all international standards specific to the application under test before submitting an official regional, or national, regulatory body.

Schaffner's expertise in EMC filter solutions, harmonic filters, electromagnetic components and electromagnetic solutions is unparalleled. With a broad range of filters and chokes, plus full engineering support, Schaffner proudly enables its customers to improve the immunity, emissions, and the safety of electrical and electronic equipment to ensure compliance and acceptance in markets worldwide.

This is how we deliver...

**MORE POWER TO YOU.**

Free samples and support are available for both manufacturers and test labs.

## Features and Benefits of EMC pre-testing include

- Experienced test engineers
- Onsite and offsite testing\*
- Measurements from 9 kHz to 30 MHz\*\*
- FFT measurements\*\*\*
- Test report available
- Define worst case mode for accredited testing at test house
- Save time and costs

\* Onsite testing not available in all subsidiaries

\*\* 9 kHz not available in all subsidiaries

\*\*\* FFT measurements available in most subsidiaries

Contact your local Sales and Application Center to discuss your needs.

## Sales and Application Centers

### China

**Schaffner EMC Ltd. Shanghai**  
T20 - 3 C No 565 Chuangye Road  
Pudong district 201201
